EVALUATE SC

The Dalzavod factory at Vladivostok and the shipyards at Komsomolsk are producing a new type rocket-propelled submarine capable of very high speed and long range. This craft, called the Nerpa ("Seal"), is one of the latest Soviet naval secrets.

This document contains information affecting the national defense of the United States within the meaning of the Espionage Act, 50, U.S.C. 31 and 32 as amended. Its transmission or the revelation of its contents in any manner to an unauthorized person is prohibited by law.

This document is hereby regraded to CONFIDENTIAL in accordance with the letter of 16 October 1973 from the Director of Central Intelligence to the Archivist of the United States.
